Subpart A—Purpose and Definitions

§ 672.100 What is YouthBuild?

(a) YouthBuild is a workforce development program that provides employment, education, leadership development, and training opportunities to disadvantaged and low-income youth between the ages of 16 and 24, most of

whom are secondary school drop outs and are either a member of a low-income family, a foster care youth, a youth offender, a youth with a disability, a child of an incarcerated parent, or a migrant youth.

(b) Program participants receive education services that may lead to either a high school diploma or General Educational Development (GED). Further, they receive occupational skills training and are encouraged to pursue a post-secondary education or additional training, including registered apprenticeship programs. The program is designed to create a skilled workforce either in the construction industry, through the rehabilitation and construction of housing for homeless individuals and families and low-income families, as well as public facilities, or in other high wage, high-demand jobs. The program also benefits the larger community because it provides more new and rehabilitated affordable housing.

§ 672.105 What are the purposes of the YouthBuild program?

(a) The overarching goal of the YouthBuild program is to provide disadvantaged and low-income youth the opportunity to obtain education and employment skills in local in-demand and high-demand jobs to achieve economic self-sufficiency. Additionally, the YouthBuild program has as goals:

(1) To promote leadership skills development and community service activities. YouthBuild programs will foster the development of leadership skills and a commitment to community improvement among youth in low-income communities.

(2) To enable youth to further their education and training. YouthBuild programs will provide counseling and assistance in obtaining post-secondary education and/or employment and training placements that allow youth to further their education and training.

(3) To expand the supply of permanent affordable housing and reduce the rate of homelessness in communities with YouthBuild programs. The program seeks to increase the number of affordable housing units available and

to decrease the number of homeless individuals and families in their communities.

(b) Through these educational and occupational opportunities, to enable youth participants to provide a valuable contribution to their communities. The YouthBuild program will add skilled workers to the workforce by educating and training youth who might have otherwise succumbed to the negative influences within their environments.
